One Cause of Nervous Debility-Women Advised to Shorten Dresses.

DETROIT, June 22 .- At to-day's session of the American Institute of Homeopathy it was decided to issue credentials to all members of the institute who may desire to attend the international congress in Lonon in August. Dr. C. C. Miller, of Detroit, was chosen second vice president, defeating Charles Gatchele, of Chicago: Dr. Henry O. Spalding, of Boston, presided over to-day's meting of the section in obstetrics. Dr. Sarah 3. Millsop, of Bowling Green, Ky., chairman of the section on sanitary science, spoke at length on the importance of that topic. Dr. Wilson, of Cleveland, urged the women to shorten their dresses sufficiently to avoid sweeping up the filth of the streets and Dr. Allen, New York, classed excessive tea drink-as among the causes of nervous de-ty. This afternoon Dr. John P. Sutherand, of the Boston University School of ledicine, delivered a centennial address a the clinical efficacy and superiority of the law of similars, followed by the secon in ophthalmology, otology and larny-plogy, with Dr. William R. However, there is still a great deal of discussion of the money question and of \$2.25 per Dozen. various phases that the fight has assumed. This much is stated as practically assured: The platform will declare for the free oinage of silver at the ratio of 16 to 1

Governor Matthews will be put forward as the choice of the Indiana Democracy for President, and, should any man opposed to him succeed in getting on the delegation the unit rule will be enforced. THEIR HEADS TORN OFF The four delegates at large will be Sen-

ator D. W. Voorhees, of Terre Haute: Senator David Turple, of Indianapolis; B. F. Shively, of South Bend, and J. G. Shanklin, of Evansville.

The nominee for Governor will be ex-Congressman B. F. Shively, of South Bend. This leaves few questions of any magnitude to be determined. Comparatively little interest is taken in the make-up of the rest of the ticket, except by the axpirants for nomination and their boomers. These make considerable noise, but are, not attracting a great deal of attention. The gold contingent hopes to save something out of the wreck by accomplishing the comination of Fanning for Auditor, Chandler for Treasurer and Griffith for Attorneygeneral. They hope to pull Fanning exploded; killing seven men outsight and through, anyhow, though they may have to sacrifice the other two. One of the quesers. It seems that the engineer was just tions that is being discussed to some extent ready to start for the log camp when the is whether there shall be anything in the resolutions about the Cleveland administration. The sound-money wing hoped until a couple of days ago to be able to get in others mutilated beyond recognition. The the platform an indorsement of the Cleveland administration, couched in general A. L. DOUCETTE, president of the Ne-braska Lumber Company. GRANT HAMMERLY, engineer. CHARLES WALWORTH, section foreterms, but this hope has been given up. In fact, there is such a strong disposition upon the part of the silver men to force a denunciatory resolution in that the administration wing will have all it can do to prevent this being done, and will be lucky if the platform is silent altogether upon this

The sound-money Democrats opened headquarters at the Grand yesterday and intend to make as big a showing as possible in the convention. They claim 312 out of the 1,714 delegates, while the silver people concede to them only 197. However, among their delegates are a great many prominent leaders from various parts of the State and they hope to accomplish much through their powers of persuasion. The most interesting fight lies in the con-

test between the sound-money and silver wings in this county. The effort made by tricts have held their meetings and the seat the contesting silver delegates in this county, has proven a failure. The Seventh district meeting will be held this evening at the same hour as the others and is likely to prove a memorable struggle. The contesting delegations will insist that each be given a half vote and if this were conceded the silverites should control the district. The sound-money people, however, have the organization and will recognize only such delegates as hold official credentials, and will thus control the district by a vote of 80 to 70. trict by a vote of 80 to 70. They will send W. E. English and John P. Frensel to Chicago as delegates and will put W. D. By-

num on the resolution committee. The silver delegates and contestants will bolt and make their own selections and thus carry the fight to the convention. The platform, prepared for the most part by Governor Matthews, was agreed upon by a conference at his office last night and the substance of it, with the financial plank in full is given below.

THE GOVERNOR'S PLATFORM Submitted to Senator Turple and

Others-No Cleveland Mention. Nearly every man of any prominence, who has come to the convention, brought in his inside pocket a draft for a platform, but the platform that is likely to e adopted by the convention is said to be the handiwork of none other than Gov-

rnor Matthews himself. The Governor has been busily occupied during the last week, agree to the Amalgamated Association scale. In the scale for sheet-mill workers no date has yet been fixed for another conference, but it is probable that they will get together again and reach a settle-ment. There may be a fight, however, as the union mills must all close Saturday night unless the wage question is definitely arranged. No conference on the bariron scale has yet been held, but one with the Pittsburg manufacturers has been fixed for Wednesday in this city. The most important bar-iron conference will be held at Youngstown on Thursday.

President Garland, of the Amalgamated Association, said he did not anticipate any trouble in arranging the scales, and he believes that all will be satisfactorily settled. He did not say definitely when they would callers to put his ideas on paper and make so dead that he would not need his ice busup a very complete outline of what he believes the platform should be.

This draft was last night submitted to a little meeting in the Governor's office, at which there were present the Governor, and B. F. Shively. Allen W. Clark, chairof the fre-silver State comwas invited, but that the plank indorsing Matthews as a Governor had modestly neglected to put this plank in his draft. All the gentlemen present last evening were very reticent as to what the Governor's platform contained. But a fairly correct outline of it was ob-

The financial plank reads as follows: We maintain the time-honored Democratic principle of bimetallism and reiterate our allegiance to that soundest and most honest monetary system and demand the immediate and independent restoration of silver by the free and unlimited coinage of both gold and silver as primary money at the ratio of 16 to 1 without awaiting the action or consent of any other nation; such coinage to be full legal tender for all debts, public and pri-

in her fight for freedom and declares for a vigorous American policy in the foreign relations of the government. It does not mention the Creveland administration.

On State issues the Governor's platform points with pride to the administration of the State institutions under his supervision; says a number of mean things about the last Legislature, and declares that the "present scandlous campaign for the Senators bip is ample evidence that United States Senators should be elected by popular vote."

Of course, it remains to be seen whether the committee on resolutions will accept this platform as the Governor has written it. Shanklin is said to have a platform in his pocket, and nearly all the men who succeed in getting on this committee will be similarly equipped.

R. C. Bell. of Fort Wayne, who is to be chairman of the convention, came down to the Grand yesterday from the Governor's home wearing a brand new "half-an-half" silver and gold button with 16 on the silver half and 1 on the gold. He was asked if it was true that he had written the platform.

"It is not true," he replied. Mr. Bell has so arranged his beard that he is a good double for Chauncey M. Depew, except that he is an older man. As he said this, his face changed into bland I-don't-want-to-be-interviewed expression. Then it resumed its first 16-to-1 expression as he added: "I have views; so have others. When the proper time comes we will get together and give the convention the result of our combined wisdom." Here Mr. Bell punctuated his remark with a cough and a smile that was without guile.

SEVENTE DISTRICT FIGHT. renzel a Delegate-Silverites Will

Bolt District Meeting.

The fight for the control of the Seventh district has developed a very ugly state of affairs. All efforts to compromise were declared off Saturday afternoon, as stated in the Journal he next morning, but numerous people considered it their duty to patch things up, and Chairman Holt, of the State committee, and Chairman Taggart, of the Seventh district, have had their arms talk d off on the subject. As previously stated in the Journal, the soundmoney leaders Saturday night decided to offer as a compromise that they would send W. E. Engesh and John W. Kern as delegates from this district. The free-silver people, who have their hearts set on sending either Cooper or Bailey, would not consent to this, and another obstacle was struck in Mr. Kern himself, who declared that he had cases coming up in court during the first two weeks in July that he could not neglect, and he therefore could

Such was the state of affairs last evening when the previously appointed meeting of the sound-money delegates from Marion county was called to order at the Grand Hotel. The feeling had grown so tense that the meeting outlined a programme for the district meeting to-night that is about as rough on Matthews and his friends as could well be imagined. His dearest enemy, John P. Frenzel, will go as delegate to Chicago, and W. D. Bynum will go on the committee on resolutions to fight for sound money both in the committee and on the floor. This means that the silver delegates and silver contestants in this county will bolt and hold another meeting. They will carry the fight on to the floor of the convention, and will there have the assistance of the silver management in State affairs. The silver leaders will hold that it is the prerogative of the convention to either confirm or reject the lelegates named by the districts, and if

they carry this point in the convention they will reject Mr. Frenzel.

S. O. Pickens presided over the meeting of the sound-money delegates, and Pierre Gray acted as secretary. It was readily decided to uphold the action of Chairman Taggart, of the Seventh district, in declining to hold the district meeting to-morrow morning, and going ahead with it at the regular time this evening. The following selections with agreed upon with prac-

the "push" delegates on acount of his alleged flat refusal to do as he had said he would Saturday. It was stated that Mr. Holt had told Leon Bailey Saturday that if Governor Matthews would request that the Seventh district meeting be deferred until 9 o'clock Wednesday morning he would grant the request and so defer it. It is then related that this morning, acting upon this agreement between Bailey and Holt, the Governor sent Myron D. King to Mr. Holt, asking him to defer the meeting. Mr. King brought back from Mr. Holt the offer to compromise the contest by accepting John W. Kern and Will E. English as delegated, and refusing to defer the meeting. This was denounced by the "push" as perfidious on the part of the State chairman, and a complete reversal on his own propoand a complete reversal on his own proposition. In view of this action on the part of the gold men, the "push" could see no compromise of any kind in sight and accepted the situation with some enthusiasm. The result will be that the gold and silver delegates will hold separate meetings.

Chairman Holt says that his expression on the deferrence of the district meeting has on the deferrence of the district meeting has either been misunderstood or not correctly stated. Mr. Holt says that his proposition of the name of Mr. Kern met favor from Mr. King, who said he thought it could be fixed that way. "What I did say to Mr. Bailey." said Mr. Holt, "was that if the Governor requested me in writing to postpone the meeting and both sides were agreeable to the change. I would change the call for this district for any time or place which might be agreed on."

The "push" delegates last night declared that they would remember Mr. Holt in the convention, and that when that event was

Freat Demonstration at Paterson, J., in Honor of Garret A. Hobart, Vice Presidential Candidate.

CANTON, O., June 22.-The 1:07 train from Cleveland this afternoon brought to Canton Mark A. Hanna and wife, Colonel Fred Grant and wife, H. Clay Evans, of Tennessee; Col. W. M. Osborne, ex-Police Commissioner and cousin of Governor Mc-Kinley, of Boston; Col. Myron T. Herrick not be considered as a possible delegate and Sylvester Everett, the late President Garfield's friend, of Cleveland. As the train pulled in at the station Governor Mc-Kinley, who had taken the lines and driven to the station, accompanied by M George B. Frease, editor of the Repository mounted the car steps and went inside to give the man who had managed his campaign the first greeting.

"How are you, Major?" said Hanna

"Never felt in better health, and you don't look at all like a sick man." responded the Governor, with the strongest grasp of a strong handshaker.

Governor McKinley personally escorted Hanna and Mrs. Grant to his own surrey and with H. Clay Evans on the front seat with him took the lines and drove to his house, other carriages being provided for the rest of the party. Luncheon was in waiting and it was good digestion that waited on hearty appetite when the Mc-Kinleys and Hannas sat down to lunch together with their distinguished friends for the first time since the St. Louis convention. The visitors remained here until evening, when all but Colonel Osborne returned to Cleveland.

Before taking the train Mr. Hanna said no committee officers had yet been pointed. Protection he considered greatest issue. Mr. Everett said the question of whether the national headquarters would be at Cleveland or New York had not been determined and he declined to discuss the probability of his assuming the duties of treasurer of the national Republican committee. H. Clay Evans said the tariff was the paramount issue for Tennesseans. Col. Fred Grant declared for three years he had considered Governor McKinley the winning candidate and Mrs. Grant was enthusiastically for him. Col Osborne remarked there was more unanimity for McKinley at St. Louis than was ever known for any candidate. Mr. Hahn said protection was the greatest issue

I have many times been greeted by great audiences in the city of Zanetville, in your county, and this is the trat opportunity to welcome you to my own home. SENSATION AT YALE.

or. Twitchell Condemns Planting of lvy for Gen. R. E. Lee's Grave.

NEW HAVEN, Conn., June 22 .- There was a tremendous sensation on the Yale campus this afternoon caused by an un- SENATOR HARRIS'S WARNING expected remark of Rev. Dr. Joseph Twitchell, of Hartford, during his oration at the dedication of the Woolsey memoria! statue. It arose from the fact that the ivy planted this afternoon was from the grave of Gen. Robert E. Lee. Rev. Mr. Twitchell holds a position among the Yale alumni second only to that of Chauncey M. Depew and his words are always given great weight. In the course of his speech, referring to Professor Woolsey, Dr. Twitchell said:

"He was a Union man, heart and soul, and it would make this bronze staute avert its head were he to know that the graduating class of Yale were to plant on the walls of a building on the campus an ivy from the grave of Gen. Robert E. Lee. General Lee was a good man, but he was loyal to an infamous cause."

This utterance came like a thunderclan

an infamous cause."

This utterance came like a thunderclap from a clear sky, but there was no demonstration until he had finished, and then the condemnatory words were freely criticized. The consensus of opinion among the professors and seniors was that the remarks were at least ill-advised. Immediately after the dedicatory exercises the lvy committee held a meeting and the proposition was made to change the ivy, but it was voted down and it was planted with the usual ceremonies.

New York and Wisconsin to Declare for the Gold Standard-Texans Divided on the Financial Question.

WASHINGTON, June 22 .- All interest in politics centers now, of course, on Chicago and the plank to be adopted by the Democrats. A fortnight ago a distinguished Democratic leader assured the Journal's correspondent that he believed the soundmoney men of the East would be strong enough to wring some concessions from the free-silver majority and in his opinion the concession would be the omission of the words "at the ratio of 16 to 1." after the declaration for the free and unlimited coinage of silver. To-day that gentleman past two weeks had caused him to change

platform will declare for free coinage of silver at 16 to 1," be said. It is not believed that Mr. Whitney can accomplish much by his presence in Chicago. Mr. Whitney will represent the "money power of Wall street," that dreadful bugaboo that always suffices to terrify rural delegates. "The idea," said Representative Terry, of Arkansas, "that Mr. Whitney can go to Chicago and buy up enough delegates to make a gold plat-

form is ridiculous." The fear that some delegates are not beyond the golden touch of corruption is widespread. "If any man sells his vote for a gold platform," said Senator Harris. of Tennessee, "he had better get enough money for his vote to put the ocean be-

tween himself and his constituents." This feeling that Mr. Whitney will try to corrupt some of the delegates will be carefully nurtured by the silver leaders and the fear that a vote for gold will indicate corruption will be sufficient to cause many wavering delegates to vote for silver whose inclinations and convictions would otherwise have caused them to support a gold platform.

There is as yet no gossip regarding the emporary organization of the convention. The national committee makes up the temporary list of officers, or rather its commendations are invariably accepted by the convention. The national committee, however, is a distinctly gold committee, and its members represent the feeling of their States so little that in many cases they have not even been elected delegates to the convention. The members of the committee feel, therefore, that it behooves them to act with great caution in selecting a ticket for the temporary organization, lest by selecting an unpopular man and one not acceptable to the overwhelming freesilver sentiment, it might expose itself to the unprecedented humilation of having its ticket rejected. It has been tacitly agreed Philadelphia, were elected as associate of the silver party, which was organize members of the league. This is a distinction that has been accorded to but eight party. Senator Jones, of Arkunsus. here last winter within the Democratic party. Senator Jones, of Arkunsus, is chairman, and among the committeemen are Messrs. Harris, of Tennessee, and Turple, of Indiana. It is not impossib that Mr. Harris may preside temporarily.

Illinois Dems, Will Declare for Free Silver-Gold Bugs Denounced. PEORIA, Ill., June 22.-Never before in the history of Illinois politics has there been a political convention as unique as that to be convened to-morrow promises to be. It will be called to order without a single candidate for the nomination for Governor Altge'd will be nominated. According to W. H. Hinrichsen, chairman of vention have been instructed for him, and the others are solld for him. On the other hand, Governor Altgeld says he is not a candidate. Several months ago he even went so far as to say that he would not accept the nomination. But the Democratic leaders declare they will force him to and every one of them told him that he

In the conversations Governor Altgeld has had with the delegates who have consulted him he has had but little to say regarding himself, nor has he permitted them to indulge themselves. His whole thought and talk has been regarding the Indianapolis After the Next Meeting | national convention to be held in Chicago week after next. "It is a duty the freesliver Democrats owe to the so-called com-mon people of this Nation." he said, "to carry their point as to the financial plank.
